

Food Ingredients

Your partner in food

Great foods need great ingredients

At the core of any great food product are **great ingredients**.

These are the fundamental things that your products are created with and in turn enrich your customer's food experience. **NCC Food Ingredients understands and embraces this.**

We are a leading provider of functional and innovative ingredients with a focus on health and wellness.

Our dedicated team works closely with major producers and innovators that focus on natural and clean label ingredient solutions sourced from **Europe, Asia and the Americas.**

Markets we support

NCC Food Ingredients delivers innovative products and bespoke solutions across a broad spectrum of sectors including:

 Bakery and Confectionary	 Health and Nutrition	 Sports Nutrition
 Beverage	 Dairy	 Convenience
 Animal Nutrition	 Soup & Sauces	 Fish, Meat and Poultry

Our solutions include

- Sugar replacement
- Fibre enrichment
- Protein enrichment
- Flavour solutions
- Shelf life extension
- Clean label ingredients
- Mineral fortification
- Salt reduction
- Fat replacement

At the forefront of innovative and health focused food solutions

From Sensus; chicory root fibres, Daepyung; second generation zero calorie stevia and salt reduction solutions from Barcelonesa, our range of bespoke functional ingredients provides the support and innovation producers of fine foods seek.

Second generation stevia from Daepyung has been specially designed for use in food and beverages, it does not have the bitter aftertaste associated with traditional stevia and offers a mouthfeel that is closer to sugar, as a result of glucose that is added to stevia extracts.

Quality in everything we do

From food ingredients to pharmaceutical excipients, polymers to process aids, quality comes first at NCC. It is at the forefront of everything we do.

We are committed to providing customers, supply partners and the public at large a consistently safe, open and transparent product offering that meets the highest global standards.

NCC is certified to **ISO 9001:2015**. Operating to the Guiding Principles of Responsible Care®, our programme is assessed every three years by independent assessors using the assessment tool SQAS ESAD.

NCC is a registered FBO (Feed Business Operator), a member of Repak and a regular recipient of industry awards including **Deloitte Best Managed Companies**.

About NCC

Founded in 1969, NCC is an established **leading raw material and sourcing specialist** supplying a comprehensive range of materials and ingredients to the life science, polymers, food and industrial sectors.
